Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 11 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
An unsettled night with frequent showers. Sunshine and showers Wednesday.

This Evening and Tonight:
Showers will continue through the evening and overnight, still falling heavy at times but becoming more scattered towards dawn. It will be breezy earlier in the night, with winds easing gradually as it goes on. Minimum temperature 6 deg C (43 deg F).

Wednesday:
Another day of sunny spells and showers, with these showers turning heavy and potentially thundery at times. Becoming largely clear and dry during the evening. Maximum temperature 15 deg C (59 deg F).

Outlook for Thursday to Saturday:
Early rain for southernmost areas Thursday clearing into more widespread scattered, possibly thundery, showers later. After a clear start Friday, scattered showers develop later. Sunshine and showers Saturday. Light winds.
